

According to our records,
it's been a year since your
last well water test.

**The Environmental Protection
Agency recommends
testing wells annually
for total coliform bacteria,
nitrates, total dissolved solids
and pH levels.**

Don't gamble on the safety of
your water supply. Call today to
schedule your checkup:

HARFORD/CECIL 410.273.7600
BALTIMORE METRO 410.575.6176

Don't trust your water
testing to just any lab.
